

## Delivering Creative Design & Print

Welcome to the Keo Design websites newsletter, this is an introduction to Keo and the offers we have available to all our new customers. If you are starting a new company or have an existing brand we are the design company for you.

If you are not familiar with Keo Design we have been creating fresh logo and print design as well as launching websites and fitting graphics to shops as well as cars since 2006.

We pride ourselves in the road map we have developed to ensure a great look for your company, which is to work with the client at every stage of our process to ensure feedback is applied and a unique design and a consistent look and feel to each company's corporate identity.
